CLOUD OF DISTRUST BREAKS

Equitable Scandal, Northern Securities Situation and Wheat Break Affect Stocks.

(By Associated Press.)

NEW YORK, April 19.—The cloud of suspicion and distrust which has been gathering over the stock market during the whole of the week broke to-day with some violence. The decline was contested in the early stages, but it gathered force as it was extended. The quick exhaustion of the buying demand on the occasional railies was a sufficient evidence to the professional traders that the speculative position was still vulnerable. They returned to the attack accordingly again and again, and on each successive slump the weight of the offerings dislodged was greater. The market proved to be honeygreater. The market proved to be honey-combed with stop-loss orders, which have been greatly increased as the confidence combed with stop-loss orders, which have been greatly increased as the confidence in the stability of the market was impaired. The amount of the decline was sufficient also to wipe out some margins of the more substantial class, and in all cases of speculative holdings to impair the margin to such an extent as to lead to a very general call for additional collateral. The principal influence in the trading probably was the Northern Securities situation. The announcement made during the session that the \$155,000,000 of Northern Pacific stock would be admitted, to be traded in on the Stock Exchange in the unlisted in on the Stock Exchange in the unlisted as a danger to the speculative position in that stock and in the Northern Securities, owing to the free market that will be thus afforded for the atock. Northern Securities, owing to the free market that will be thus afforded for the atock. Northern Securities, owing to the free market that will be thus afforded for the atock. Northern Securities, owing to the free market that will be thus afforded for the atock. Northern Securities, owing to the curb fell to the low level of Tuesday's break, and it will be observed that the transcontinental stocks and those connected with them in the deal rumors were the principal sufferers on the Block Exchange. The determination of operators to get out of their holdings was accentuated by the three-day holday to be faced, precitally all the important exchanges of the world being closed until next week. The embittered controversy in the Equitable Life Assurance Society was feared for its disturbing effect on confidence in financial conditions at large. The flurry in call money and the slump in the wheat market aggravated the weakness of stocks and opposed an attempted late rally. The market closed weak' at about the lowest.

Bonds were weak in sympathy. Total sales, par value, \$3,009,000.

The total sales of stocks for the day amounted to 1,85,100 shares.

BALTIMORE, MD. April 20.—FLOUR-Quiet BaltImores. COTTON MARKET.

NEW YORK, April 29.—The cotton market was moderately active considering the holiday feeling abroad and it spite of some covering feeling abroad and it spite of some covering feeling abroad and it spite of some covering feeling abroad and it is pite of some covering feeling abroad and it is pite of some points of the present downward movement.

The opening was steady, unchanged to 2 points lower and at first the market seemed in a way to do a little better on covering. Offerings of soon became more pressing, however, owing to local bear pressure, following reports of more liberal offerings of spot cotton at the decline in the South and generally favorables weather. There was a little buying on this way down by Wall Street houses, but prices worked off until July sold around 7.3%, when the market turned less active and became heregular. There was a little sign of rallying power. There was a little sign of rallying power, was with an policies of sign of rallying power, was considered at 100,000 bales.

Receipts at the ports to-day were 20,176 bales against 22,733 last week and 8,834 last year. For the week (astimated) 110,000 bales against 110,868 last week and 65,601 last year. Main Building at University Gutted-Loss Will Reach

\$200,000.

NASHVILLE, TENN. April 20.—The main building of Vanderblit University was gutted by fre to-day. The fire originated in the second story of the building from a defactive flue.

A high wind was blowing, and in a few minutes the structure—was a mais of flames.

A general alarm was turned in and every engine in the city responded. On account of inadequate water supply, the firemen experienced much difficulty in fighting the fire?

The loss 'far placed at \$20.000, with insurance of \$15.000, on building and furnishings.

The Joss' is 'blacer' at \$25,000, with insurance of \$15,000 en building and furnishings.

The operation of the University will not be interfered with.

The midn building was of brick and of spiendid proportions. It was built in 1874 at a cost of \$15,000, the architect being Colonel William C. Smith, of Nashville, who met his death in the Philippines while leading the First Tennessee Regiment in battle. It was the first building erected on the grounds. So far maknown no one was injured in the fire.

A statue of Commodore Vanderbit, founder of the justicution, situated immediately in front of the building, and a gift from the citizens of Nashville, was not damaged. A portion of the University library was also saved, but how much is infact canfot be determined until closer examination is possible. Of the portraits of the Vanderbitt family which were in the chapel, that of Mrs. Concellus Vanderbitt was the only one destroyed. A portrait of the late Bishop McTylere, first president of the board of trustees, and instrumental in bringing about the original endowment, was also lost.

WHEELS OF FUN START. Attractions Open To-morrow. Everything Ready for Easter.

Everything Ready for Easter.
The Virginia Amusement Company will open its numerous attractions at Reservoir Park to-morrow, so that everything may be running smoothly by Easter Monday. The boats on the lake are all ready having been newly painted and repaired; the tuneful merry-ko-round will recommence its perpotual stream of popular airs, while the fereclous lions, striped tigers, wild-ayed deer and other wooden wild beast sail merrily around, the circle. Over at the "Shoot-the-Chute" attraction, the placed pools invite a splash, and the cars of the intricate switchback await those who delight in nerve wracking thrills. The "barkers", have their voices in training and are on edge to cast a spell, over the unwary who pass the abode of the "Trip to the Moon." "The Headless Lady," and "The Crystal Maze."

It is announced with regret that the Aquarama will not open its damp canals Rodents played have with the devil, the chapel and the picturesque scenery of the water ways, and so those punts, named after many States will remain torpid.
